

Monitoring Violations Annual Notice

IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER

Monitoring Requirements Not Met for Colony Cove Water System TX0200324

Our system failed to collect every required coliform sample during August 2023. Although this incident was not an emergency, as our customers, you have a right to know what happened and what we did to correct this situation.

We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. During August 2023 we did not collect routine samples for coliform bacteria and therefore cannot be sure of the quality of your drinking water during that time.

What should I do?

There is nothing you need to do at this time. You may continue to drink the water. If a situation arises where the water is no longer safe to drink, we are required to notify you within 24 hours.

What is being done?

ALL ROUTINE SAMPLES HAVE BEEN COLLECTED SINCE THE VIOLATION AND ALL RESULTS HAVE BEEN ACCEPTABLE

For more information, please contact Undine LLC at (888) 201-4314 or 17681 Telge Rd. Cypress, Texas 77429.

Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.

This notice is being sent to you by Colony Cove Water System. Public Water System ID#: TX0200324.

Date distributed: 5/30/2024.
