

# **IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER**

## **Monitoring Requirements Not Met for Highland Mobile TX1010285**

Our system failed to collect every required coliform sample. Although this incident was not an emergency, as our customers, you have a right to know what happened and what we did (are doing) to correct this situation.

We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. During 8/1/2021 – 8/31/2021 period month(s) we did not collect the required sample for coliform bacteria and therefore cannot be sure of the quality of your drinking water during that time.

### **What should I do?**

There is nothing you need to do at this time. You may continue to drink the water. If a situation arises where the water is no longer safe to drink, we are required to notify you within 24 hours.

### **What is being done?**

We collected the required coliform samples in the subsequent months bringing the system into compliance.
